

North Bay Materials – Product Spec. Sheet

- Product Name: Recycled Gravel – Eco-Friendly Base Rock
- Product Code: NBM-RCY-648

Product Description

North Bay Materials’ Recycled Gravel is a sustainable, cost-effective aggregate alternative to virgin base rock, manufactured from a carefully processed blend of broken concrete, compacted fill dirt, and reclaimed hardscape materials. Ideal for residential, commercial, and municipal projects across Napa, Solano, Sonoma, and Marin counties, this coarse, semi-compactable material offers reliable performance while reducing environmental impact by diverting construction debris from landfills.

Property	Details
Material Type	Crushed recycled concrete, compacted fill dirt, processed hardscape debris
Grading	Unwashed, mixed-size aggregate blend ranging from fines up to ~2" fragments
Texture	Coarse with gritty fines; semi-compactable
Moisture Content	Variable, dependent on weather and processing cycle
Color	Light-to-medium gray, may contain natural stone or brick tones
Source	North Bay regional reclamation sites
Caltrans Spec	Not Caltrans Class 2 certified
Eco Benefit	Reduces landfill waste, lowers demand for virgin aggregate

Best Uses

- Driveway base & parking pad subgrades
- Walkways & side yard leveling
- Retaining wall backfill
- Compactable fill for rough grading
- Drainage layers (non-engineered)

Performance Notes

- Not suitable for engineered fill where exact compaction is required (use Class 2 Base for such applications).
- May contain concrete fines, small metal fragments, or wood pieces from demolition sources.
- Use a landscape fabric barrier when installing near soil to limit weed growth and material migration.

Coverage Per Cubic Yard

~ 150 sq ft at 2" depth

~ 75 sq ft at 4" depth

Technical Notes

- Material is sold by the cubic yard in bulk.
- Bulk deliveries require suitable access for dump trucks.
- Product is recycled; variation in texture, color, and composition is expected.
- Not intended for use as engineered structural fill.

Sustainability Statement

Using Recycled Gravel supports sustainable construction by recycling construction debris and reducing demand for newly quarried aggregate. It's the smart choice for eco-conscious contractors, landscapers, and homeowners.

Delivery & Packaging

- Available Formats: Bulk load (dump truck)
- Delivery Areas: Marin, Sonoma, Napa, Solano, Alameda and Contra Costa counties
- Minimum Order for Delivery for may be required

Safety Information

⚠ This product is unwashed and may contain sharp fragments.

Wear gloves, eye protection, and a dust mask during handling.

Not recommended for barefoot traffic areas without a top dressing.

Disclaimer

All listed data/testing results is provided by the aggregate producer or 3rd party laboratory.

North Bay Materials does not perform or offer in-house aggregate testing.

This product is a natural blend. North Bay Materials does not guarantee specific nutrient analysis or exact composition percentages. It is the responsibility of the installer to ensure product suitability for intended application.

Aggregate Material Limitations and Liability:

Please note: Due to natural shifting and separation that can happen during transportation, aggregate gradations are only guaranteed at the producer's facility — not at the jobsite. North Bay Materials and our suppliers make no claims or guarantees that this material will meet specific project requirements, specifications, or design standards. It is the buyer's responsibility to confirm suitability and obtain any necessary approvals or certifications prior to use. All materials are provided as is, with no warranties — express or implied — including but not limited to warranties of merchantability or fitness for a particular purpose. We do not guarantee how the material will perform once installed or in any finished work. By purchasing, the buyer agrees that North Bay Materials and our suppliers are not liable for any damages — including indirect, incidental, special, or consequential losses such as lost profits — whether based on warranty, contract, negligence, or any other legal theory, even if those damages were foreseeable.
